DOROTHY GISH
TO BE SEEN AT
THE PASTIME TODAY

Near the little New England town of Graystone is a mansion known as Graystone Gables, the summer home of a wealthy young New Yorker, David Chandler. Eli Lockwood, who has a pretty daughter named Betty, is caretaker of this place. The girl has a somewhat exacting mother, so she likes to go with her kindly father to see the wonderful grounds of the mansion, the father dies and the mother marries Jim Wood, a widower with two grown-up sons. The men are unkind to the girl, who goes even more to the Gables.

One day she creeps in through a window and dresses herself up in a beautiful gown that she finds. On a subsequent visit she is found by the owner, who has no objection to her visits and gives her the freedom of the place. Then one of Wood's sons starts in to rob the house. He thinks he sees a ghost, when Betty appears wearing a sheet around her. He tells the tale in the village and a party goes to the place, surprising Betty and David together.

A scandal arises and Betty is driven out of town. Still dressed in her finery, she sits weeping by the roadside. David finds her there and takes her to New York where he places her in the care of a chaperon, Mrs. Delaney. She is introduced into bohemian life. One Mildred Lee, who is seeking David only for his fortune, makes love to him in open fashion at a studio reception where everyone is indulging in cocktails. Betty is disgusted, and leaves for her home. Her mother is dying, but her cruel step-brothers will not let her see her parent. She seeks refuge in the Gables. At one of the step-brothers, follows the girl, and tries to force his attentions on her. But David arrives in time to rescue her, and she soon becomes the mistress of the Graystone Gables.

In addition to the drama, a screening two-reel Keystone comedy, entitled, "His Auto Ruination," featuring an all-star Keystone cast, is also scheduled.

These two attractions to be seen at the Pastime theater today and tomorrow.

TOO LATE TO CLASSIFY.
WANTED—Any kind of work by two intelligent young men from the Harvard school. Phone 15341. H. A. Bassett.

CHAUTAUQUA SURE
FOR ALBUQUERQUE
DURING SUMMER

Guarantors of Movement Meet at Commercial Club and Organize; Stellar Attractions for City on Program.

That Albuquerque will have a week of chautauqua attractions this summer equal to the best in any part of the country was assured last night when a number of the guarantors of the movement held a meeting in the parlors of the Commercial club, elected officers and consulted with A. E. Palmer, special representative of the Redpath western chautauqua system, one of the foremost lyceum organizations of the country.

The officers chosen at the meeting last night were Rev. E. P. Schuler, president; J. M. Moore, Jr., secretary, and A. B. Stroup, treasurer. Committees to look after the detail work of the association are to be appointed at a later meeting to be held by the president.

It was also definitely decided that the chautauqua will be held here during the week from July 21 to July 27, inclusive. The gatherings will be held under a mammoth tent to be erected at some central point easily accessible to the people of all parts of the city, and meetings will be held every afternoon and evening during the week.

Some of the Attractions.
The Redpath chautauqua system has a standing in the lyceum world that is second to none, and some of the best attractions in the United States have been engaged by them for the approaching season. Mr. Palmer assured the members of the local association at the meeting last night that none but the cream of the chautauqua talent would be seen and heard in this city.

Among the musical attractions that will be part of the program will be Shildkret's Hungarian orchestra, one of the finest of its kind in the world, and Thavila's band of more than thirty pieces, which has recently returned from the Panama canal zone, where it divided honors with Sousa's famous band. There will also be the Haydn chorus of twelve voices, and Alfred Miles Bergen, one of the most celebrated baritones in the country will be heard in recitals.

A dramatic representation of Israel Zangwill's play, "The Melting Pot," by a cast of ten people, some of whom were members of the original Walker Whiteside company that first put on the play, will be another big feature of the course. Such noted lecturers as former Congressman Adam Bede of Minnesota, former Governor Robert B. Glenn, of North Carolina, now a member of the international boundary commission, and Dr. Martin R. Hardin, of Chicago, will also be heard.

On the last day of the course there will be a children's circus, the performers in which will be local kiddies. This will be worked up by the management of the chautauqua and bids fair to be one of the most enjoyable features of the entire week.

POWER-BRAUER-POWER
TRIO AT AUDITORIUM
FOR EMPLOYEES TONIGHT

One of the best of the entire series of Santa Fe reading room entertainment for the present season, the Power-Brauer-Power trio, will be heard in a concert at the high school auditorium tonight. The trio consists of Jessie Armiger Power, dramatic interpreter, Walter Brauer, cellist, and Mrs. Perry J. Power, pianist. The doors will open for employees and their families at 7:45 o'clock and for the general public at 8:15. In his announcement of this attraction Superintendent Busser, of the reading room, says:

"I cannot speak too highly of this company. If you saw a few of the results of my investigation, and could read what leading musicians say of this trio, and the work of Miss Power and Mr. Brauer, and the fascinating interpretations given by the marvelous assistance of the 'Cellodrame,' as planned and adapted by the 'cello master himself, you would appreciate the pleasure I have in sending them to the Santa Fe employees."

"It is my earnest desire that no employee, within reach of this trio, fails to hear them. It is really the greatest treat of the season. Here is what trained music critics say of them: 'Miss Power's remarkable histrionic versatility is evidenced by the extraordinary range of dramatic styles within the scope of her many-sided art, and her accomplishments are of a wide and varied character.'"

"Mr. Brauer is a skilled artist of marked musical gifts and high artistic ideals. He plays with feeling, finish, an utmost regard for musical values, and draws a most beautiful tone from his splendid instrument."

"Mrs. Power is an accompanist of particular intelligence and sympathy, and her work forms a gratifying part of a perfect ensemble."

TO SANTA FE

M. P. Sawtelle, 211 West Gold avenue, will leave for Santa Fe this morning about 10 o'clock. Can carry three passengers.

NOTICE.

The Mountain State Telephone and Telegraph company's telephone directory will go to press May 5. Anybody wanting new phones or changes made will kindly call before this date.

CITY TO SELECT
ITS APPRAISER OF
WATER SYSTEM

Water Committee Authorized by Council to Open Negotiations With Engineers; Company Has Chosen.

The council last night covered another stage on the way to municipal ownership of the water works by authorizing the water committee to open negotiations looking to the employment of an engineer to represent the city in the appraisal of the Water Supply company's property.

The resolution giving the water committee its authority also provides for the committee's conferring with the water company to draft an agreement to govern the appraisal and purchase of the water system by the city. The committee is required to refer the matter to the council for approval. The resolution was adopted unanimously.

Alderman Clyde Tingley, chairman of the water committee, reported a conversation he had with A. B. McMillen, president of the water corporation. Mr. McMillen told him that the company had already selected its engineer, according to Mr. Tingley.

Mayor Westfield at the wheel the council went through the night's business "in high." The session was long but a great amount of business was considered.

That a plan has been worked out for the flushing of sewers by firemen came to light in a statement by Alderman W. P. Switzer. Mr. Switzer suggested giving firemen every sixth day off instead of every eighth. Firemen are on duty even on their days "off." It was explained Mayor Westfield declared himself in favor of this plan. The council adopted it.

Mayor Westfield stated that the sewer pumps are liable to play out at any time. Then the sewage would back into the city and the council, if that happened, had better take to Tijeras canyon, said he. The purchase of a new pump was referred to the sewer committee, the mayor and city engineer with power to act.

The county road board has spent \$4,000 in reducing the hump on East Central avenue, but the street is still a foot and a half too high at the high point, according to a letter from Col. D. K. B. Sellers. If the city could buy 1,000 loads of dirt for \$500 the city could use the dirt, but it did not have the money. Dr. R. L. Hunt did not see how the city could afford to buy the dirt. The letter was referred to the street committee.

State National City Depository.
City Treasurer Warren Graham notified the council that he had designated the State National bank as the city depository.

City Attorney W. A. Keeler made a report on the administration's "inherited" litigation. Suits asking approximately \$60,000 are pending against the city now, he said. On motion of Alderman G. D. Hammond the city will take steps to settle the judgment for \$200 held by Amador Chavez. The same motion instructed the city attorney to bring suit against Mrs. Mariana Otero to recover the amount the city has to pay. Amador Chavez, Jr., sustained injury in falling over an elevated board sidewalk in front of Mrs. Otero's property.

C. A. Grande and others protested against the use of the North Broadway extension as a dumping ground. Casar Grande presented a claim for \$891 alleged damages caused, it was said, by the overflow of the acquia.

PULLMAN CAFE OPENING
WAS A GRAND SUCCESS

The formal opening of the Pullman Cafe, which took place Sunday afternoon with a grand dinner, proved the biggest success imaginable in the restaurant business of Albuquerque. The dinner was served from 11:30 a. m. to 8:30 p. m., and the tables were kept filled with patrons all the time, there to get something good to eat. At 9 o'clock the proprietor, F. M. Leach, treated a number of friends, together with his force of waiters and other help, to a specially prepared dinner, at which choice liquid refreshments and cigars were served. The "Pullman Cafe" is down on the list to succeed.

Indoor Life Makes Fat

TRY OIL OF KOREN TO KEEP WEIGHT DOWN OR TO REDUCE SUPERFLUOUS FAT.

People who are confined within doors and who are deprived of fresh, invigorating air and exercise must take precaution to guard against overweight, as fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air is said to weaken the oxygen carrying power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result.

If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden. Any persons who are satisfied in their own mind that they are too stout are advised to get to Butt's, Inc., or any good druggist and get a box of oil of korein capsules, and take one after each meal and one just before retiring at night.

Even a few days treatment has been reported to show a noticeable reduction in weight, improved digestion and a return of the old energy; footsteps become lighter and the skin less flabby in appearance as superfluous fat disappears.

Oil of korein is inexpensive, cannot injure, and helps the digestion. Any person who wants to reduce 15 or 20 pounds is advised to give this treatment a trial.

MAYOR ASKED TO
APPOINT HINDS OR
MONTAÑA CAPTAIN

Declaring There is No Vacancy in the Police Department, Executive Refers Petition to Committee.

The mayor's appointment of either C. E. Hinds or Alvaro Montoya as captain was asked in a petition from the Second ward delegation. Mr. Westfield declared there was no vacancy in the police department and referred to the police committee.

The building inspector question was settled. Earl Bowditch is inspector. The building exchange, in a petition, expressed confidence in P. M. Morgan, incumbent, and said that his continuation in the office would be satisfactory to the exchange. Another petition, containing the statement that it represented 400 mechanics, endorsed Bowditch. The council split evenly on the question of confirmation and the mayor cast the deciding vote. The confirmation was greeted with handclapping.

Wilkinson Still Holding Out.
That former City Attorney Thomas N. Wilkinson has not retreated from his stand on the appointment of his successor was apparent last night. When the city clerk finished reading the minutes, Mr. Wilkinson said he believed, in fairness to him, the minutes should show that he had objected to the naming of a city attorney at that time. The council voiced no objection to the minutes and Mayor Westfield declared they stood approved as read, with a rap of his gavel.

Mayor Westfield appointed the library and park boards and filled vacancies in the board of health. All of these appointments were confirmed unanimously. The appointees are:

Park board—T. S. Woolsey, W. R. Walton and D. A. Macpherson.
Library board—W. P. Metcalf, M. H. Rabin, Mrs. T. L. Butts and Mrs. F. H. Robinson.

Board of health—Dr. S. L. Burton, four years; Dr. S. G. von Almen, three years; W. C. Heacock, two years.

J. H. Peak, appointed by the mayor, received the unanimous confirmation of the council as city scavenger.

Ask Aid for Library.
W. P. Metcalf, treasurer of the library board, asked for an appropriation from the general fund sufficient to keep the library open. His financial statement of March 21 showed an overdraft of \$6.50. Bills audited and unpaid amounted to \$182.23, according to the same statement. The matter was referred to the finance committee.

PAULINE FREDERICK
PLAY FULL OF ROMANCE
NOW AT THE PASTIME

The supreme test of an actress' ability to create sympathy for the character which she is interpreting, no matter how wicked, how treacherous, how utterly bad the woman may be, Pauline Frederick, by her marvelous presentation of the title role in the Famous Players Film company's photoplay adaptation of the celebrated novel and play, "Bella Donna," by Robert Hitchens and J. B. Fagan, accomplishes this wonderful feat and far eclipses her marvelous histrionic record made in the role of "Zaza," which was declared by the New York newspaper critics to be infinitely superior to the stage version of the character which brought Mrs. Leslie Carter the greatest triumph of her career.

There is nothing intrinsically redeeming about the personality of Bella Donna, this treacherous adventuress who poisons her husband that she may be free to go to the Egyptian for whom she has conceived an uncontrollable passion. She is a thoroughly bad woman, an ingrate, a cruel, conscienceless, viperous creature who has nothing in her mind and soul but the satisfaction of her vicious desires. Unscrupulous and uncompromising in her pursuit of self-gratification, she has nothing ingratiating about her character. The sympathy which Miss Frederick wins in that dramatic and pathetic last moment in which she is banished to the desert and the night, is not sympathy for Bella Donna, but for the great Pauline Frederick, whose beauty and alluring personality transcend even the repugnance of the character.

This photoplay is scheduled to appear at the Lyric theater today and tomorrow. See it.

'MAN FROM MEXICO'
A LAUGH PRODUCER
WITHOUT AN EQUAL

Mr. Joe Scott, a local product, played the leading role in the "Man From Mexico" last year, the play which is to be given by the university May 9 at the Crystal theater. "Joe" is fast whipping the comedy into shape and it promises to be a scream from start to finish. Scenery from Chicago has arrived and the finishing touches are now being applied in an effort to make the production as near professional as possible.

When "Red" Balcomb goes to jail after his arrest at the cabaret he kicks about the "grub" and he kicks about the clothing. After searching in vain for a bean in the bean soup he finally concludes that it could be no better considering that it was made by No. 99, the "tough nut" of the pen. Warden Lovell rises to comfort him, but only causes "Red" to ask for more hay in his stall, which is the picturesque word he applies to his cell.

Colonel Majors, the "kuy who is always fixing it," again intercedes for Fitz and obtains the influence of Warden Lovell in aiding Fitz to escape. However, Red objects, saying that Majors "fixed" it for him before he got in the pen, where Majors indulges in a little fun at the expense of Mr. Fitzhew. He tells of the big supper he has just finished, including a "small bottle, nice porthouse, roast turkey, salad, demitasse, etc." "Fitz" is unable to bear this and departs in agony, doing the German lunge steps to the tune of "Here Comes the Bride."

Miss von Wachenhausen, as Mrs. Fitzhew, has a difficult task of shielding herself from her husband as she, too, was at the cabaret, but just escaped being arrested. Of course she has to be nice to Fitz and agree with him when he calls off the dinner party in order that she may not give herself away. Each one plays to the other and some comical situations result. Throughout the play Fitz is at the mercy of the guard, who commands him to "stand up" every time he wishes to rest his weary frame.

DEATHS AND FUNERALS.

Miss Nancy Handley, 29 years old, died at 5 o'clock yesterday afternoon at her home, 711 East Hazeldine avenue. She came here from Jacksonville, Fla., a year ago. Two sisters, Mrs. A. R. Pearson and Mrs. N. O. Epps, were with her. C. T. French will ship the body on Santa Fe train No. 10 Wednesday morning. The sisters will accompany the body. The funeral will be held at Jacksonville.
